NEWS FROM THE CHAPTER PRESIDENT

This month we will have two letters: the first from past president Deb Jennings, the second from incoming president Joan Coprio.

Letter from Deb Jennings – Past President, Southern CT Mensa

Mensa was founded in the UK in 1946 from humble beginnings, and the first Annual Gathering was held in 1948 in London. The original plan was to cap the membership, and keep the organisation secret. Mensa grew to over 300 members but by 1953, membership had diminished and Victor Serebriakoff took over as the Principal Officer of Mensa. He brought in new ideas and a new approach, formed a Board of Volunteers, and Mensa has grown to over 110,000 members in 100 countries.

I was fortunate to have been a member of British Mensa in 1996 when a celebration of the 50th anniversary included a black tie dinner in the houses of Parliament. Somehow I ended up at the head table, and seated around me were all names I now recognize well including Mr. Serebriakoff and Dr. Lancelot Ware, one of the two founding members. I didn't have the perspective then on those experiences that I now have. I spent a fair part of that evening talking with Tony Buzan, who was seated on my right, and being fascinated by his Mind Mapping techniques.

Even if I had thought to ask some foresightful questions at that time that might later prove beneficial, Mensa is a different organization today. The members change, technology changes, and each group has a different mix of ages, varied interests, geography, etc. To Mensa's credit, it can be flexible. One of the things Mr Serebriakoff said many times is that Mensa is not about one thing — if it was, some members would be against whatever that one thing is. He felt strongly that although Mensa members and groups may have opinions, Mensa itself should not.

I have been happy to serve as our chapter's president for the past several years. During that time members have helped us: start chapter CultureQuest team; begin participation in Mind Challenge month; work to reduce the proportion of newsletters that are printed to save money and resources; contribute towards successful Connecticut RGs; resume monthly Mensa candidate testing; update the Newsletter; schedule periodic games nights; and, commence involvement in the Mensa Foundation's Scholarship award as well as sponsor our own chapter scholarships.

Still on my own list is to work with our knowledgeable Webmaster, Tom O'Neill, to implement a long-overdue

Letter from Joan Coprio, President Southern CT Mensa

On 7/1/2014 I became the Locsec (aka President) of our chapter, Southern CT Mensa. I had decided to attend my first-ever AG in Boston, so, with incredibly fortunate timing, I was able to also attend a Leadership Summit for Locsecs and other chapter volunteers on July 2nd! The AG was a lot of fun – interesting speakers, amazing to see so many Mensans in one place.

redesign of our website. In addition to our site, I would like to find or promote new ways to facilitate networking between chapter and other members. I'll also continue as a proctor. Finally, I'd like to continue my involvement at the regional level, to help us share ideas and leverage collective experiences.

Our chapter is now moving to the next phase of new ideas and approaches. I am very pleased to report that on July 1st, Joan Coprio will take over as Chapter President. In fact, at the most recent Executive Committee meeting last month, we confirmed more new names and key initiatives:-

Jim Mizera is staying on as VP and Newsletter Editor, and he will continue to gift us with his gifted writing and reporting;

Christine dos Santos, appointed Publisher, will coordinate monthly Newsletter design, production and distribution;

Mary Acri is the Membership Officer and importantly will work to ensure as many members as possible are properly registered on the national site to ensure receipt of the newsletter. The Membership Officer also helps introduce Mensa to new members.

Rick Clark has joined the Committee as member at large (a defined position now required by American Mensa), and will provide oversight, and, especially as a newer member, help set direction.

Elizabeth Cortright will continue as Treasurer with responsibility for safeguarding chapter funds, processing collections and disbursements, accountabilities and reporting.

What I like most are the ordinary moments like sharing a game or conversation with other members and guests.

At the last AG, our chapter was given a membership award — meaning that we have lots of members locally interested in Mensa. Having spoken to many members myself, I can tell you that this is truly an amazing and interesting chapter, with more joining — and chances are there is at least one other member with whom each member might like to network. Mensa is, as Dr. Ware has highlighted, an organization for thoughtful contacts with other people.

Have a Great Month!

Deb Jennings

On behalf of Southern CT Mensa

Back to the Leadership Summit. The first speaker's presentation was on non-verbal communication, which included some fun exercises. It raised awareness of issues around communication. We had speakers from American Mensa's National Office - they covered branding and partnership programs. I took away that they are looking at both the publicity and member benefits that come from appropriate

partnership programs – they mentioned consulting for a television show on child geniuses. I found very interesting a speaker on leading volunteer boards. She had good ideas on effectively conducting board meetings, recommending that background materials be reviewed pre-meeting so the meeting time can be focused around discussion of the issue. She also said that the board leader doesn't so much generate all the ideas and do all the work, but facilitates the other board members doing those things. Since my leadership experience has been within corporate and non-profit settings in either the traditional hierarchy or cross-functional teams, this presented some of the unique aspects of working with volunteers.

We have a great mix of experienced and new volunteer board members in our chapter, covering Gen Y, Gen X, Baby Boomers and beyond, reflecting our membership. Many thanks to them for giving of their time and talent for the chapter.

I asked a question in a session at the AG about social media presence, and the advice was that we definitely need to be present! Now, even if I try not to be over-the-hill, my quantity of Facebook friends reminds me of a TV commercial I saw once

– a teenager is talking, saying “my Mom has 12 Facebook friends – who has only 12 friends?” I have a Twitter account I got for something at work, so I miraculously have a few followers, but I've never even tweeted a thing! So, if anyone is interested in a bit of volunteer work on the social media front, let us know!

Finally, many, many thanks to the outgoing Chapter President, Deb Jennings. Deb is staying on the board with a focus on working with Tom, our webmaster, on the chapter website; she also serves as a testing proctor and recruits new members. She has done a lot for the chapter for the past 6 years. She continues to help me figure out what I'm supposed to do!

I welcome any ideas you have for chapter activities – you'll find my contact information on the last page of the newsletter. I look forward to making a contribution to our chapter.

Enjoy the rest of the summer!

TABLE OF CONTENTS

PUZZLES & QUESTIONS	2
MENSA MIND GAMES 2015	3
WORD CHECK	4
NOTED AND QUOTED	5

NEW THIS MONTH:

We are adopting a 4 page format for the Chronicle – the official newsletter of Southern CT Mensa. This will be sent to all chapter members: both print and email subscribers.

We will send some content that formerly had been in Chronicle proper – Puzzles, Games, Quotations, etc. – to email subscribers via this new publication called the E-Chron.

This enables the chapter to save on printing and postage costs, and provide this content to the majority of our chapter who receives updates via email.

Enjoy!

PUZZLES & QUESTIONS

(Answers may be in next month's Chronicle)

1. What are the best ways to learn history?
2. What is the largest forest in Connecticut?
3. How would you change the American diet?
4. What is the longest continuous fence in the world?
5. What is the most demanding field in engineering?
6. Estimate the calories per pound or calories per liter for these common foods: oils, green vegetables, potatoes, corn, chicken, turkey, fish,

whole wheat bread, white bread, eggs, beans, fruit, cheese, french fries.

7. What were the most common themes in Shakespeare's works?
8. Name 10 goods or services that have dropped in price since 2000.
9. What are the best questions employers should ask in hiring? What questions should employees ask?
10. Who led major league baseball in 2013 in Bases per Plate Appearance (BPA)? What was the major league average for BPA in 2013?

ANSWERS TO LAST MONTH'S PUZZLES:

2. About how many times a second can a woodpecker peck?

A: Woodpeckers can peck 20 times a second.

4. About what percentage of the world's population lives in the northern hemisphere?

A: About 90%.

8. What was the largest magnitude earthquake recorded?

A: The largest earthquake ever recorded was in Chile on May 22, 1960. It registered 8.5 on the Richter scale and 9.5 on the Seismic Moment scale. The earthquake that hit Alaska on March 28, 1964, was the second largest, with a magnitude of 8.4 on the Richter and 9.2 on the Seismic Moment scale.

Some geophysicists guesstimate that the earthquake that struck Egypt and Syria on July 5,

6. When were these prizes or awards first awarded: Pulitzer Prize, Nobel Prize, Tony awards, Booker Prize (best original novel written in English), Hugo Award (science fiction), O. Henry Awards (U.S. and Canadian short stories).

A: Pulitzer Prize - 1917, Nobel Prize - 1901, Tony (Antoinette Perry) awards - 1947, Man Booker Prize - 1969, Hugo Award - 1953, O. Henry Awards - 1919.

1201, was the deadliest earthquake. They put its death toll at 1,100,000, counting victims of famine resulting from the quake. Most published estimates, however, list the Jan. 23, 1556, earthquake in Shanxi, China, as the deadliest, guesstimating that it killed 830,000 people.

10. Who was the only major league baseball pitcher to lead his league in earned run average and strikeouts and yet finish with a losing record?

A: Nolan Ryan in 1987. Ryan, pitching for the Houston Astros, led the National League and the major leagues in both ERA (2.76) and strikeouts

(270), but won only 8 games and lost 16. Despite his losing record, he finished 5th in the National League Cy Young award voting for best pitcher. He was 40 years old that season, and would go on to play six more years and throw two more no-hitters, giving him 7 for his career, a major league record. Ryan set some other all-time records - he played for 27 years, struck out 5,714 batters, and walked 2,795 hitters - over 900 more walks than anyone else.

Local boy makes good.

Southern Connecticut Mensa member Donald Bobowick has been issued a United States Patent.

The patent is for a vertical axis wind turbine design.

Vertical axis wind turbines have some advantages over the horizontal axis style we see most often. A few of those advantages are:
Vertical axis wind turbines are bird friendly;
Respond to lower wind speeds;
Have the torsional benefits of a long drive shaft;
The generator or pump they are powering can be placed at ground level for easy servicing.

The one major disadvantage to vertical axis wind turbines is that they move in the wrong direction (into the wind) for half their rotation. This newly patented design handles that disadvantage.

While scalable to large installations, this wind turbine will be ideal for homes, farms and small businesses.
